

Imagine an orphan with no one helping

Provide them with education and basic needs and they will have a great future.

Because I am an Orphan child, I needed your help

If given a chance, an orphan can change our world.

Because he/she is an orphan, he/she is more likely to suffer from diseases, hunger, and malnutrition, subjected to life on the street, no education and clean water. Because he/she is an orphan, he/she has limited access to the basic needs.

This is a heartbreaking to imagine or to see what orphans are going through but given your support; we can change their lives for better.

DOF Initiative: **Because I am an Orphan** creates a sustainable project in Jonglei to give orphans access to education, food, healthcare, clean water and protect them from abuse

Invest in Orphans

Invest in orphans and their future, educate them and they will give back to their communities. This is proven true by Peter Deng, DOF founder. Your donation to **Because I am an Orphan** will help improve the lives of orphans

Peter Garang Deng, DOF founder

Because I am an Orphan, the DOF Orphans empowerment

“In South Sudan and many other countries in Africa, the problems orphans face are countless and endless. Orphans have no one providing them food, clothing, shelter, healthcare, clean water or education. But I strongly believe that you and I can help change orphans lives. We can educate them for a better future. Imagine you joining your hands with mine.” Peter Garang Deng, DOF founder

How much it costs to send orphans to school and the uses of funds

- It only costs **\$1,050** per year to put orphan child through primary boarding school and **\$1,200** per year to put orphan child through high school
- Your donation of **\$50** a month makes it possible for DOF to help more orphans each year
- For every dollar that is raised 80% goes directly to funding education of orphans and 20% is used on the organization's operating expenses

Our Mission and Values

Our Mission- We mobilize caring individuals and businesses around the world to meet the educational and developmental needs of South Sudanese orphans so that they can help build a better society in their homeland.

Our Value

To dramatically improve the long-term lives and values of orphans and to ensure that they are not left behind in education. Our ultimate goal is to continue providing funding for education services for orphans in Jonglei area of South Sudan.

Why Orphans?

With no parents taking care of them, orphans lack many basic things that are usually provided to children. Many orphans need education to improve their standard of living and become contributors to their communities. Without assistance, they face much hardship in trying to achieve their goals. There are many children whose parents passed away prematurely due to lack of good health care in the country because of the civil war. This is why we focus on orphans.

Quotes from orphan sponsored by DOF

“After the death of my parents, I dropped out from school for there was no one paying my school fees and I lost hope at that time. But God is great and DOF came to my rescue and I am now back to school and looking at my future with great smile” Akur Mabior

“I am so thankful to DOF and my sponsors Eileen Growald and Paul Growald, I would not have had a chance to pursue my Associates

Ways you can Help DOF

Degree. It was all for their support. My life is now different. I am also thankful to all DOF supporters for helping us.”
John Ayor

- You can help recruit sponsors for our program
- Help drum up support at local businesses to raise support and funds
- You can help organize fundraising event at your house
- You can help organize fundraising event at your place of work.
- For students, you can help

You can help today by making a donation at www.dengfoundation.org or you can send a check to Deng Opportunities Foundation (DOF) OF P.O.BOX 864 Burlington, Vermont 05402. For more info contact us at info@dengfoundation.org or 802-393-9507
